Dear {{ contact.FIRSTNAME }},

On this international day of education, Tanzania Teens In AI team embrace the theme of transforming education to build a better future.

That is why we are putting efforts in encouraging Tanzanian teens to participate in the hackathon and discover learning outside of classrooms with guidance from experienced mentors and experts in the field of tech and innovation.

With only 5 days remaining before the registration for the Tanzania March 2022 Hackathon in Dar Es Salaam and Zanzibar closes, this is a gentle reminder to get your child on board!

So, have you registered your child yet?

Do not wait any longer. The clock is ticking and spaces are going out very fast......

Click on the registration link below of this email to not miss this once in a lifetime opportunity for your child to discover the world of artificial intelligence, to learn about responsible AI, design thinking, emotional intelligence, business and entrepreneurship together with his and her peers.

Just like the theme surrounding the international day of education, our research shows that kids with extra curricula experiences such as hackathons, boot camps and accelerators have higher acceptance rate into universities than kids without.

Let your child stand out in university and college applications, gain knowledge out of school syllabus and meet up with kids who share ideas like his by registering him into our hack. Its fun, and its for a good cause all the while, discovering what is tech!

Want to hear more?
Here are some stats about the Tanzania hackathon:

Theme of the hack: **SDG 4: QUALITY EDUCATION** & **SDG 5: GENDER EQUALITY**
Where: ONSITE – Zanzibar and Dar Es Salaam
When: 5th – 8th March 2022
96 kids already registered to date.
30th January is the deadline for registration
The hackathon is **free of charge** for all Tanzanian teens between 12-18 years old
Kids will be supported by experienced mentors in the field of tech, business, design thinking, innovation and AI Ethics
**No prior coding skills needed**.

REGISTER FOR THE HACKATHON

Do you like what we are doing and would like to support us?

We are a not for profit and operate solely through the support of organizations and individuals llike yourself.

Your donation will enable us to make the hackathon a fun learning experience for the teens and through your contribution, we can reach out to more teens across Tanzania.

Every little bit helps.
THANK YOU!
